EXPERIENCE

SFG Annuity Advisors — Annuity Operations Intern (Incoming)

Brielle, Nj Summer 2026

- Support annuity servicing workflows through documentation review, carrier correspondence, transaction processing, and client account maintenance across multiple insurance products
- Assist advisors and operations personnel with policy updates, service requests, and administrative reporting tied to retirement income planning
- Gain hands-on exposure to regulated financial operations, client servicing standards, and back-office workflow coordination within the annuity advisory industry

Muhlenberg College Intramural Basketball — Commissioner

February 2026 – Present

- Direct operations for a 160+ participant intramural basketball league, overseeing registration, scheduling, playoff structuring, and live-event execution across limited athletic facilities
- Launched the league's first dedicated social media communications platform, converting ~10% of Muhlenberg's undergraduate student population into followers while centralizing schedules, standings, and league updates
- Recruited and managed a referee staff, coordinating weekly assignments, emergency callout coverage, and gameday oversight to ensure uninterrupted league operations

Jersey Mike's Subs — Shift Leader

June 2022 – August 2023

- Supervised daily shift operations, delegated employee responsibilities, and ensured service consistency during high-traffic business hours

PROFESSIONAL PROJECTS

[Colin Haluska Investments](#) — Founder & Developer, Full-Stack Paper Trading Platform

March 2026 - Present

- Built and deployed a full-stack simulated trading platform enabling users to execute buy/sell orders, track portfolio holdings, and monitor realized/unrealized profit and loss through a live transaction ledger system
- Engineered backend financial infrastructure using FastAPI, SQLAlchemy, and SQLite, integrating real-time market data APIs, secure user authentication, and cash validation logic to replicate core brokerage workflows

[Personal Portfolio Website](#) — Developer & Designer

February 2026 – Present

- Designed and launched a fully responsive professional portfolio website to centralize technical projects, certifications, and career credentials within a polished recruiter-facing digital hub
- Built front-end architecture using HTML, CSS, and JavaScript with emphasis on responsive layout, performance optimization, and modern UI presentation

LEADERSHIP AND ACTIVITIES
